Keep frozen at 0° F or below until ready to use. For best results, thaw before cooking by removing all packaging and refrigerate below 38° F for 8–10 hours or overnight.

**BROIL:** Place Alaskan Snow Crab on a broiler rack 5 inches from heat for 5 minutes, until heated through.

**STEAM:** Fill large pot with 3/4 inch of water. Place a steam basket in pot and bring water to a boil. Place Alaskan Snow Crab in basket; reduce heat, cover and steam for about 5 minutes, until crab is heated through.

**SAUTÉ:** Start with serving-sized pieces of Alaskan Snow Crab in the shell, or out. Melt butter, margarine or oil in a pan, stir in Alaskan Snow Crab and sauté lightly for 3–5 minutes, until heated through. When sautéing with other ingredients, add crab during last 5 minutes of cooking.

**GRILL:** Place Alaskan Snow Crab (legs and/or clusters) on well-oiled grill a few inches above hot coals for 5 minutes, until heated through.
