Trident Premium Red Tuna

Nothing lights up an exotic Asian appetizer or delicious seared entrée like our beautiful Red Ahi Tuna that is longline caught in blue tropical waters and treated with CO for color preservation. These premium cut, flash-frozen tuna steaks, loins and sushi Saku blocks will hold their rosy gemlike color and silky texture throughout their natural shelf life. Trident Red Tuna is produced utilizing premium fresh cut raw material to assure high quality and food safety. The result is consistent presentation, flavor and texture.

With Trident Red Tuna there is no mystery behind its source or beauty. We utilize premium fish that is responsibly sourced and treated for color preservation in a carefully monitored process. Our Red Tuna is a product worth celebrating in a wide variety of sashimi and seared ahi presentations. Your guests will love its gorgeous color and flavor and you'll appreciate its convenience and reliability.

Species Information

Longline caught and dolphin-safe, Red Ahi Tuna is acclaimed for its meaty texture and distinctive flavor. Swimming worldwide, Tuna can grow up to 375 pounds, but are usually found in the 30 to 120 pound range. When frozen without treatment, Tuna naturally turns a chocolate color but has no loss of flavor. Moist and flavorful, Trident Red Tuna is a high quality option for center plate presentations.

HANDLING INSTRUCTIONS

Keep frozen until ready to thaw.

To thaw: Remove all packaging and refrigerate below 38°F for 8–10 hours or overnight.

COOKING INSTRUCTIONS

Preheat grill or sauté pan (cast iron works best) as hot as you can get it. Brush tuna steaks with olive oil. Season with salt and pepper and place on hot grill or pan.

For very rare seared steak (cold in center) about 30 seconds on each side.

For rare to medium rare seared steak 90 seconds (warm in the center) on each side.

For pink in the center reduce heat and continue grilling for 1 minute on each side.
