Trident Nova-style Smoked Salmon

Trident Nova-style Smoked Salmon offers a delicious smoky flavor and brilliant color that lends itself to a wide variety of appetizer and entrée ideas. Our unique Nova-smoking process begins with premium Sockeye or Atlantic salmon, filleted and cured with salt and brown sugar. Then we cold-smoke the salmon over natural wood chips at very low temperatures until each fillet is smooth, silky and exceptionally delicious. Perfect for a Smoked Salmon Quiche or Fettuccine Alfredo; or try serving with bagels, cucumber and cream cheese for a simple, savory and kosher brunch-time treat.

Sockeye Salmon

Trident's wild Alaskan Sockeye Salmon, known as Red Salmon, are ocean-caught in the pure, icy waters off Alaska. Certified sustainable by the Marine Stewardship Council, Sockeye are the second most abundant species of Alaskan salmon. Sockeye acquire their distinctively deep, ruby-red color from the abundant shrimp-like krill they feed on. Their silky texture and fresh flavor are derived from their natural cold water habitat.

Atlantic Salmon

Trident Atlantic Salmon (*Salmo Salar*) is farm-raised in Chile and fed a carefully controlled diet in clean, cold water. A natural source of Omega 3's, Atlantic Salmon has a high protein content and mild flavor profile, with consistent red-to-orange coloring.
